20th Annual Watershed Celebration Silent Auction Request

The Clackamas River Basin Council invites you to promote your business to a local audience at the 20th Annual Clackamas Watershed Celebration by donating an item or gift certificate to the event's silent auction. At this year's event, taking place August 18, 2022 at the Carver Event Center, we are celebrating the many ways the Clackamas River inspires our art, culture, and way of life while highlighting key restoration accomplishments.

As a local organization, you know the importance of our Clackamas River, a mighty and beautiful river delivering stunning views, ample resources, and a wonderful place to live, work and play. You may also know that various human-caused pressures are impacting river health, water quality, and wildlife habitats. The Clackamas River Basin Council works diligently to improve these conditions. In the past year, we completed the Kingfisher Side-Channel Reconnection Project at Milo McIver State Park, providing year round habitat for threatened and endangered fish species.

In addition to providing critical habitat, we also accomplished the following restoration and outreach benchmarks in 2021:

- Planted over 43,150 native trees and shrubs and restored over 3 miles of stream habitat.
- Coordinated over 150 hours of volunteer restoration work
- Removed over 2,000 lbs of river trash during our 19th Annual Down the River Clean Up
- Treated 130 acres of invasive plant species at 21 sites.

But we can't do this work without great partners like you. People now more than ever are championing a cleaner, safer, and healthier river. Your support will help us enhance and protect the Clackamas River and its value as a resource for fishing, wildlife habitat, recreation, and drinking water for more than 300,000 Oregonians.

Thank you for your support,

Amy Barton
