

## Sponsorship Request 2025 Clackamas Watershed Celebration

Dear Friend of the Clackamas River,

There has never been a better time to support your local watershed council. Federal funding is in the crosshairs and other environmental programs are facing uncertainty. Your support makes a real difference and helps the Clackamas River watershed stay resilient, healthy, and protected.

**The Clackamas River Basin Council invites your business to sponsor the 23rd Annual Clackamas Watershed Celebration, taking place August 21<sup>st</sup>, 2025 at the Carver Event Center.** This is our signature event, bringing together restoration professionals, agency partners, and community leaders who care about the future of the Clackamas watershed.

Our 2025 theme is “*Seeds of Change*” —a nod to the small actions that grow into lasting impact. We’d love you to be part of it.

Over the years, your work has helped us restore habitat, improve water quality, and protect fish and wildlife throughout the basin. This event is a chance to celebrate that success—and to connect with others doing the same kind of meaningful work.

Sponsors enjoy recognition before and during the event, as well as an opportunity to network directly with CRBC’s project manager, staff, board members, and partners. The evening will include:

**In the past 10 years, we have accomplished the following:**

- Planted over 723,000 native trees and shrubs and restored 40 miles of stream habitat.
- Opened 29 miles of fish habitat through road and stream improvements.
- Removed 42.8 tons of trash from the Clackamas River.
- Worked with 9,000 volunteers and restored over 458 acres.

**But we can’t do this great work without partners like you.**

Our sponsors are invited to join us at the event for dinner, a silent auction, an activity involving native seed planting, awards ceremony, and a video presentation from CRBC staff. We also welcome a guest speaker from our sponsors to speak about your company’s dedication to river health.

Thank you,
